

INDOMITABLE CHARACTERS

Name _____

A Yamile Saied Méndez Reading Challenge

"Yamile Saied Méndez writes about indomitable characters in her books like "Furia" and "The Beautiful Game." For her reading challenge, she has curated a list of books, mostly middle grade, that have "unforgettable characters who go through difficult challenges to accomplish the things that they set out to do at the beginning of the book." While many feature sports, the challenges characters face range from losing a friend to facing insecurities.

Add these fabulous titles to your TBR list and mark them off as you read!
